

Saltair Season Opens Memorial Day

TYPICAL SCENE AT UTAH'S GREAT RESORT.

MRS. HELEN METRAS, well-known Salt Lake woman, whose death occurred last week.

Was Noted for Her Charities and Desire to Help Her Associates.

In the death of Mrs. Helen Metras, wife of Joseph Metras, whose funeral services were held last Thursday, the community lost a lovely woman. She was a devoted wife and mother, a good neighbor and a true and loyal friend of all with whom she came in contact.

Mrs. Metras was born in 1866 at Flint, Mich., and came to Utah with her family in 1896. She was a charter member of Lillian Hollister home No. 15, L. O. T. M., and was the commander for four terms. She was also a member of the Women of Woodcraft, Salt Lake circle No. 559.

Mrs. Metras was noted for her charities given in a quite unassuming way and her enthusiasm and energy for the welfare of all who needed help inspired those with whom she came in touch.

Indicted for Girl's Murder.
Santa Fe, May 24.—Leo M. today was indicted by the grand jury for the murder of fourteen-year-old Thapa, whose body was found in a building of which Frank was the proprietor a month ago. No action was taken by the grand jury in the case of Leo, negro night watchman at the hotel.

Dog Bites a Girl.
Parker, Kan., May 24.—A girl, aged 12, was bitten by a dog on the arm and hand today. The dog was owned by Mrs. J. H. Pinkerton of 252 East Main street. The girl was badly injured and is now in the hospital. The dog was shot and killed by the police.

Women Are Arrested.
A woman, aged 35, and a child, aged 10, were arrested today by the police for the murder of a woman, aged 40, who was found dead in a rooming house. The woman was found with a knife wound in her back. The child was found with a knife in her hand. The woman was charged with the murder and the child was charged with being an accessory.

Great Resort in Readiness to Entertain Thousands This Summer.

SALT AIR opens its twentieth consecutive season next Friday. Preparations have been going on at the resort for several weeks in anticipation of greater crowds than ever before.

Saltair was opened July 4, 1893, and since that time it has been the greatest tourist attraction in the country. It has caused the city and state to be advertised throughout the world, and has brought thousands to the city. The management has this year undertaken its first campaign on a national scale, and in the future the resort will be made even more of an asset to the state.

The principal improvements this year have been remodeling the heating plant for the indoor bathing warm water pool and the renovation of the bath houses. The new heating system will be in first-class running order for Decoration day, and for the first time in the history of the resort there will be pleasant bathing on the opening day.

The water in the lake while still chilly for comfort, is warming up rapidly. The depth of the lake is practically the same as last year.

The numerous concessions are fast being placed, and when the first train arrives at the beach everything will be in readiness to greet the crowds. The train service will be the same as last year, with trains every forty-five minutes during the afternoon and evening. The railroad equipment has been thoroughly overhauled and put into splendid condition.

President Joseph Nelson, who is now also general manager, will devote his entire time to the resort this year, and promises that nothing will be overlooked in an effort to insure the utmost convenience and comfort to patrons. The summer excursion fare of 25 cents for the round trip goes into effect on Friday, and will continue until Labor day. Montgomery's band will furnish the music for dancing, and will also play the special Sunday concerts which have proven so popular.

Six Greeks Arrested.
Six Greeks were arrested in a case of house, 511 West Second South street, last night on a charge of gambling. The raid was made by Detectives Gillespie, Lyon and Billings. As evidence, 43 found on a table was taken to headquarters. Bail for the six amounted to \$1,000. It was furnished in cash by the alleged gamblers.

Julius Velie and Carrie Bellmore, who will appear in the comedy, "Freckles," at the Salt Lake Theater.

Y. W. C. A. WILL MAKE CAMPAIGN FOR FUNDS

Money Needed to Pay Present Indebtedness, and for Improvements.

Beginning tomorrow an active campaign will be started by the Y. W. C. A. for the collection of funds with which to pay off the present indebtedness of the institution and for the carrying out of plans for needed improvements.

During the past few weeks a series of letters have been mailed to the business men of the city calling their attention to the work being done by the organization and seeking their aid and co-operation for the fulfillment of the present plans. Accompanying the letters have been a series of booklets in which is set forth, through words and pictures, the work done and the future hopes of the Y. W. C. A. The booklets, which are published under the general caption, "The Girl and the City," describe briefly the needs of the local institution.

The aim of the organization is to raise a total of \$50,000, and attention is called to the fact that in other cities much larger amounts have been raised by contribution in periods of time ranging from four to twenty-five days. All records, on a proportionate basis, are expected to be broken by the local campaign.

SLOW DEATH MAY BE RESULT OF MISTAKE

Chicago, May 24.—W. L. McCutcheon, an automobile salesman, who took three bicarbonate of mercury tablets, thinking they were aspirin, will not know for a week whether his mistake carries a death sentence. McCutcheon's case is almost identical with that of B. Sanders Walker, the Macon, Ga., banker, who died Wednesday night of the same poison, except in the amount of the dose. McCutcheon took three tablets of 41-50 grains each, while the Georgia man swallowed seven grains.

McCutcheon's hope for life is based on the speed with which he obtained medical aid. It is believed most of the poison was eliminated by emetics. McCutcheon complained last night of feeling ill and a friend suggested that he take some aspirin tablets. He took three from a box he believed to contain aspirin. He noticed a burning in his throat immediately after and an investigation showed he had taken mercury.

FORGET RELIGION IN FOREIGN LANDS

DETROIT, Mich., May 24.—"Most of the Americans in our dependency of Porto Rico live ungodly lives, furnishing the worst sort of moral example to the natives," declared Miss Laura Dresser, a Baptist missionary of Porto Rico, to the Northern Baptist convention here today.

Her address was characterized as the "sensational of the convention."

The report of the committee on state conventions, compiled from the convention reports of thirty-five northern states and including the District of Columbia, which was submitted to the convention, showed a total church membership of 1,525,869, an increase of 41,875. The missionary statistics gave the total number of missionary churches and outstations to be 2614, with a membership of 91,541.

The convention received the report of the executive committee of the Federal Council of Churches of Christ in

America and listened to remarks by Charles S. MacFarland, secretary of the council, who recommended that the convention adopt resolutions calling upon civil authorities of San Francisco, the state of California and officials of the Panama-Pacific exposition to keep the exposition free from exploitation by commercialized vice. Resolutions to that effect were adopted.

The report of the federal council showed that twenty-eight Protestant denominations are now enrolled on its list.
